

GENERAL GUIDELINES

- To make the most of your check-up, here are some guidelines to follow:
- General Instructions:**
- Arrive at the scheduled appointment time.
 - Do not eat or drink anything except water for a minimum of 10 to 12 hours before your health check-up.
 - It is advised to remove all of your jewellery before the health check.
 - Do not consume alcohol or nicotine 24 hours prior to the health check.
 - Carry all your current medications and medical records for any known medical condition (preferably for the last 2 years).
 - We request you to wear glasses and not contact lenses on the day of your health check.
- Pregnancy / Pregnancy / Urine Test:**
- In case of ladies, should be avoided for 24 hours (if possible) prior to the test.
 - Do this only in consultation with your prescribing physician.
- For Women:**
- It is advised to book your appointment about one week after your last day of menstruation.
 - If you are pregnant or suspecting pregnancy, do not get any X-ray done and kindly inform the reception in advance about your pregnancy status.
- Other instructions:**
- All corporate clients are requested to bring the original credit letter from your company.
 - For identification, kindly bring a valid photo ID Card.

JJIMS – A SUPERSPECIALITY HOSPITAL

Does a one time Checkup help?
Regular checkups are recommended, since a disease can develop at any stage in life. Further, a yearly repeat check, offers a review of any abnormality that was detected in the first checkup.

Introducing the Package

With the unrelenting pace of the current work environment, medical care and personal well being are often overlooked. Thus JJIMS has introduced a series of comprehensive and personalised health checkup packages conducted by expert doctors that are designed to assess, detect and help you in managing and monitoring your health.

JJIMS Health Checkup Packages are designed to provide you the best medical knowledge, expertise and facilities. The said health checkup package offers a variety of checkups each with its own speciality, blending JJIMS diagnostic expertise with the latest in preventive medicine.

*Reports with Consultation will be delivered within 48 Hrs.
